

Equa 7000 H TOUCH

High scales with rewinder

Equa 7000 H TOUCH is a high-performance scale. Thanks to its new hardware, the Equa 7000 project was developed with a focus on “connectivity”, offering more advanced front office and back office programs. Particularly suitable for meeting the highly complex demands of small- and large-scale retailers, the new solutions offered allow it be used for different purposes, while maintaining the high-quality standards of “Made in Italy” items. Equa 7000 H TOUCH is also equipped with color displays for both the customer and the operator; for the operator: 12.1” version with touch screen keyboard function.

Available models:

- EQUA 7000 H TOUCH - HIGH - 12/30 KG - WHITE
- EQUA 7000 H TOUCH SELF SERVICE 15" - HIGH - 12/30KG - WHITE
- EQUA 7000 H TOUCH SELF SERVICE 12" - HIGH - 12/30KG - WHITE

Equa 7000 C TOUCH

Compact scales with rewinder

Equa 7000 C TOUCH is a high-performance scale. Thanks to its new hardware, the Equa 7000 project was developed with a focus on “connectivity”, offering more advanced front office and back office programs. Particularly suitable for meeting the highly complex demands of small- and large-scale retailers, the new solutions offered allow it be used for different purposes, while maintaining the high-quality standards of “Made in Italy” items. Equa 7000 C TOUCH is also equipped with a 12.1" color display with Touch Screen keyboard function.

Available models:

- EQUA 7000 C TOUCH - 12/30 KG - WHITE
- EQUA 7000 C TOUCH 1 12" DISPLAY 12/30 KG - WHITE

Equa 7000 H5

High scales with rewinder

The Equa 7000 scale is the top-of-the-line scale of the celebrated Equa series and combines the experience gained to develop this model and the innovation introduced by new color, LED-backlit LCD displays. The H5 version specifically combines a compact “head” without affecting the number of keys available. Particularly suitable for meeting the highly

complex demands of small- and large-scale retailers, the new solutions offered allow it be used for various purposes, while maintaining the high-quality standards of “Made in Italy” items.

Available model:

- EQUA 7000 H5 - 12/30 KG - WHITE

Equa 7000 H5 FLYER

High scales with rewinder and advertising monitor

EQUA 7000 H5 Flyer, electronic scale with 12-inch advertising monitor. With this new product, advertising, promotions or different kinds of information can be displayed on the scale. The images change automatically and independently of whether the operator is using the scale. The sequence and duration can be freely chosen and programmed. The schedule can be configured through external client applications or through our zenith system application. Image management option via pen drive by using the on-board USB port. Available with thermal linerless printer with cutter, which allows printing on continuous adhesive paper without the need for a rewinder.

Available models:

- EQUA 7000 H5 FLYER - HIGH - 12/30KG - WHITE

Equa 7000 C5

Compact scale with rewinder

The Equa 7000 scale is the top-of-the-line scale of the celebrated Equa series and combines the experience gained to develop this model and the innovation introduced by new color, LED-backlit LCD displays. The C5 version is especially recommended for all those who wish to run their business with thorough, all-round solutions. Ideal for weighing and labeling allergens and nutritional values, the new solutions offered allow it be used for various purposes, while maintaining the high-quality standards of “Made in Italy” items.

Available models:

- EQUA 7000 COMPACT C5 - 2 DISPLAYS - 12/30 KG - WHITE
- EQUA 7000 COMPACT C5 LABELER - 1 DISPLAY - 12/30 KG - WHITE

Equa 7000 P

Hanging scales with rewinder

The Equa 7000 Hanging Scale stands out for its sturdiness, high performance, and backlit color TFT LCD graphic display. The display gives a clear view of the operations to perform on the scale, use status (tare blocked, fixed price, customer account, battery-operated network scale) and the transmission of advertising, promotional and greeting messages. A stainless-steel supporting frame is provided for suspended mounting of the scales over the work counter, suitable for environments where there is continuous contact with water and counter space is scarce.

Available model:

- EQUA 7000 HANGING - 12 KG - 5.7" CUSTOMER SIDE MONITOR

Equa 7000 P FLYER

Compact scales with rewriter and advertising monitor

The Equa 7000 Hanging Scale stands out for its sturdiness, high performance, and backlit color TFT LCD graphic display. The display gives a clear view of the operations to perform on the scale, use status (tare blocked, fixed price, customer account, battery-operated network scale) and the transmission of advertising, promotional and greeting messages. A stainless-steel supporting frame is provided for suspended mounting of the scales over the work counter, suitable for environments where there is continuous contact with water and counter space is scarce.

Available model:

- EQUA 7000 HANGING FLYER -12 KG - 12" CUSTOMER SIDE MONITOR

Equa 7000 CMI

Manual weight-pricing system

High-performance electronic scale head to be connected to industrial weighing platforms, including on trolleys. Can be combined with single-cell weighing platforms up to 60 kg (e.g. 300x300, 400x400, 500x500, 600x600, 700x800 mm). The EQUA 7000 CMI can be integrated into automatic and manual packaging machines.

Available model:

- TERMINAL EQUA 7000X CMI 2"

CARATTERISTICHE PRINCIPALI

Electronic scales series for stores and food industry

SCHEDA TECNICA

	EQUA 7000 H TOUCH	EQUA 7000 C TOUCH	EQUA 7000 H5	EQUA 7000 H5 FLYER
Tare control	Yes			
Ingredient texts	20,000			
Receipt heading	Yes			
No. of PLUs	10,000			
Direct PLUs	66	66	60	60
Serial ports	2 RS232; 1 Ethernet; 1 USB			
Network connection	Up to 99 scales per counter (Ethernet)			
Headers	999 lines of 24 characters			
VAT rates	7 stored rates; each PLU has its own			
Receipt deletion and reopening	Yes			
Change calculation	Yes
