

ICT 3Q8

Motorized readers/writers for triple track magnetic cards (ISO/IEC 7811) and chip card soft-landing (ISO/IEC 7816) with head and chip card high MTBF contact terminal. Complete with anti-vandal and anti-pollution steel full shutter with mechanical switch for recognizing the card width and magnetic double-track pre-head. RS232 and USB interfaces available. ICT 3Q8 is equipped with an onboard SAM module, expandable to 4 external SAM modules. These readers/writers are the ideal solution for ATM ticketing systems, automatic ticketing offices and self-service kiosks.

CARATTERISTICHE PRINCIPALI

Motorized Reader/Writer for triple-track magnetic cards (ISO/IEC 7811) and **chip cards** (ISO/IEC 7816) with a head and high MTBF chip contact plate. Complete with **full steel anti-vandal and anti-pollution shutter** and a mechanical switch for recognising the inserted card width and a dual-track pre-head magnetic reader. Available interfaces include RS232 and USB. ICT 3Q8 is equipped with an onboard SAM module, with the possibility of expansion up to 4 external SAM modules. These readers/writers are ideal solutions for ATM systems, ticketing machines, and self-service applications.

SCHEDA TECNICA

Type	Motorized
Magnetic Stripe	3 track read/write
IC Contact	Read/write
Certified	EMV 4.0
Shutter	Full security shutter with stainless
Software	DLL Available
Interfaces	Serial RS232/USB
SAM modules	1 standard equipped
Capture function	Possible
Card detect	By card width sensor and pre-head for magnetic stripe 1-2
Power supply	+24 Vdc

MCBF	1M passes
Dimensions	111.5 x 217.3 x 67.9 mm
Options	Expandable until 4 external SAM sockets

MODELLI DISPONIBILI
