

KUBEIII SCANNER

Document scanning, barcode reading, game receipt printing, verification or cancellation of the receipt. KUBEIII SCANNER is the state-of-the-art solution in multifunction systems for Betting and Lottery applications. The new scanner is faster in recognition, thanks to the 300 dpi resolution and the new decoding libraries. The system is able to work with OMR (Optical Marker Recognition) and OCR (Optical Character Recognition) technologies and reading 1D and 2D barcodes. The thermal printer embedded in the scanner, allows to print in graphic format over tickets. KUBEIII SCANNER works with Windows, Linux and Android systems.
